3. JOSEPH² GREEN (*WILLIAM*¹) was born Abt. 1726 in Maryland, and died Bef. 1776.

Notes for JOSEPH GREEN:

The wife of Joseph Green was probably the Mary Green found in early Berkeley county tax lists. She had a John Butt living with her in the first tax list in 1785, so she may have been the widow of a Butt when she married Joseph. There is a William Green from Ohio co. (now Brooke Co.) WV who died in 1798 and was buried on Hunter's Run in Fairfield Co., Ohio. William was with the Green party, headed by John & Ruhama Green when he died. William left an estate file in Brooke WV. This is a likely candidate for the son of Joseph Green.

DIVORCE OF RIGNAL GREEN OF FAIRFIELD COUNTY OHIO

From the General Assembly Microfilm # M250, year 1834 at the Ohio Historical Society:

Mr. Anthony, from the committee on the Judiciary, to which had been referred the petition of Rignal Green for a divorce from his wife Sarah, together with the remonstrance of the said Sarah, and the accompanying depositions, have had the subject under consideration and report. That the petitioner places his application, to this legislature, upon the ground.

1st, of the willful absence of the wife, to whom he alleges he was married July 15, 1829, and who left him in September following and has remained away ever since, although he always conducted himself towards her as an affectionate and dutiful husband.

2nd on account of the adultery of the wife, in various instances, and with different persons, and especially on the 1st of January, 1830, and at other times, with one Abraham Williamson.

3rd, because, at the November term of the Supreme Court, in 1833, a petition for a divorce, which the petitioner had filed in Fairfield County, was dismissed by the Court, and, as he alleges, for the want of the evidence of a witness, who was sent to jail by the court, for using improper language to the Court. Whether the wife brought any property to the husband, or whether they acquired any thing whilst together does not appear by the petition, nor does it appear from any of the documents submitted to the committee, that any notice of the present application was given to the said Sarah until the 25th December, 1834, the very day on which the first depositions were taken, and of the taking of which she was notified in the same written notice.

The remonstrance of the said Sarah Green and one Allen Green, sworn to by both, states that they have been informed that since the said Rignal filed his petition for a divorce, he was married in Wayne county, in this state, and that his petition for a divorce is still pending in Court; and that, within the last three years, the said Sarah and Rignal have lived together, and that when said Sarah left her husband; she was driven away by her said husband, who at that time, was living in adulterous intercourse with one Maria Green, the person whom he has since married; and that said Rignal has filed other petitions for divorce, in Fairfield county, charging said Sarah with adultery, which were dismissed as wholly unfounded; and that each of the facts stated in the remonstrance, and sworn to by them, can be proved by a great number of witnesses.

To establish the charges of absence and adultery, on the part of the wife, there are depositions of John Williamson and Matilda Williamson, taken on the 25th of December, 1834, under a notice dated on the 25th of the same date, and also the depositions of John Green jun. and John Green, taken on the 29th December, 1834, under a notice dated the 25th of the same month.

John Williamson swears that between one and two years ago, he saw the said Sarah in bed with another man than her husband, that said Sarah has had a child since the separation which she has

suckled and called her own; and that he never knew her husband to abuse her while they lived together.

Matilda Williamson swears that she saw the said Sarah make three attempts to go to bed with a young man, and he as often kicked her out; and, at another time, at Mr. John Roses's, she went to bed to the same man and lay with him alone all night, and once afterwards she went to bed with a married man, and he kicked or pushed her out of the bed, and that she never knew her husband to misuse her while they lived together, nor since they parted.

Upon these depositions, it may be remarked, that they were taken on the same day that notice was served, as appears by the affidavit of one Charles Williamson, and it does not appear that said Sarah was present at the taking of them, nor does it appear what connexion the Williamsons have with the affair, or the parties to it; and the depositions themselves, although they seem to show a willingness, on the part of the witnesses, to swear freely, are remarkably deficient in the statement of time, place and circumstance; entirely too much so in the opinion of the committee, to fix so serious a charge as is attempted to be fixed on the female, in the case before us.

John Green, jun. Swears that he has known the parties long - the petitioner is his brother and the defendant his cousin. Witness resided within half a mile of them, in September, 1829; Sarah left the house, bed and board of her husband, and has remained absent ever since, excepting that about two years ago the said Sarah came on a visit to the house of Rignal's mother, where said Rignal resided, where she remained about two months. Witness does not know what intercourse they had whilst they resided under the same roof, but after a stay of about two months, she left and went to her father's in Licking county. He knows of no cause for said Sarah to leave her husband, is of opinion that he used her well, and that he is a sober and industrious man generally, and disposed to treat those about him with kindness and propriety.

On his cross examination he states, that at the time of the visit of said Sarah to her aunt's the residence of said Rignal, about two years ago, there was a report in the neighbourhood that said Rignal was living in adulterous intercourse with other women, especially Maria Green; but of this the witness knows nothing of his own knowledge. There was also a report in the neighbourhood that said Sarah had had illicit intercourse with one Williamson.

John Green swears that the former part of the statement of John Green jun., is according to his knowledge also; and in addition, he states that upon the occasion when Sarah went to stay at her aunt's, where Rignal resided, she first came to the house of this witness, and remained two weeks, and said that if Rignal would not come to see her she would go to him. Rignal did not come to see her while she stayed at the house of witness; that soon after Sarah left the petitioner, she was reported to have had illicit intercourse with one Williamson, and that in June last, in Licking county, where said Sarah lived; it was reported that she was in the practice of doing so with others, and that after the separation it was reported, at different periods, that the petitioner was in the habit of going after other women.

The depositions taken by the defendant Sarah, were taken on the sixth day of January, 1835, pursuant to a notice, the service of which is acknowledged by the petitioner on the third.

Ruhama Green swears that she is the mother of the petitioner, that something less than two years ago, the said Sarah came to her house, and staid five or six weeks; that during that time she and her husband did not bed together; but she believes that about that time their second child was begotten; that she never saw said Sarah misbehave herself toward her husband; but, on the contrary, she conducted herself in a becoming manner, so far as she was acquainted with her and she thinks she was in a situation to have seen any misconduct while she lived at her house, if there had been any; that she has heard that the petitioner was married about a month ago, to Maria Green.

John Green swears that he was in Wayne county about a month ago, and was informed that the petitioner was married to Maria Green, that he saw a paper which he was told was the license and was informed by the petitioner that he intended to marry Maria, and he afterwards told him that he had done so, and afterwards said he had not.

It appears from what has been stated that the notice required by law was not given before this petition was presented. 2nd, That the original cause of separation is not shown. 3rd, That it is doubtful which of the parties has behaved the worse since the separation. 4th, if the wife is guilty as charges by the husband, there is ample provision by law for redress in the Supreme Court. The committee therefore, ask to be discharged from further consideration of the subject.

"THE NOW PEACEFUL FAMILY OF GREENS WAS AT ONE TIME THE HARD FIGHTERS OF PIONEER DAYS"

By Harry P. Green, Johnstown, Ohio.

The following account which I am about to relate, is one handed down by my father - the late Benjamin Green - who died in the year 1913 at the age of eighty-one years. If living now, he would be one hundred years old. It is regarding the early settlement of Licking County, Ohio and of its hardy pioneer stock who settled near Johnstown in Monroe Township, during the earlier part of the eighteenth century. Father stated that several of the original Greens who had moved from near Lancaster in Fairfield County, had built and erected homes here. But there were one or two of the brothers who had not come up, still living farther south or beyond Lancaster a few miles. About this time (around 1812-20), one of the brothers named Charles came up to visit the ones who had settled here. Now, Charles was a man who was only ordinary in stature, weighed about one hundred fifty pounds and of a peaceful disposition when sober. But if drinking, he was the opposite in temperament and would fight the Devil if challenged for a "scrap." After spending some time up here visiting with his brothers, he concluded to return to Lancaster. It seems he was a man who, liked to hunt coon, as he was accompanied on this trip by a coon dog which was very much attached to him. Everything went well with Charles and the dog until they reached Lancaster where they dropped into a tavern - which all the early towns afforded - for rest and refreshments before going on a few miles further to his home. There was a drunken Dutchman at the tavern, whom Charles had never seen and who like all drunken men, was usually getting into trouble. It proved so, in the story I've started to tell. Whiskey was plentiful in those days and all taverns sold it over the bar-without hindrance or license. As soon as Charles entered the tavern, he walked over to the bar and ordered a glass of whiskey. The drunken Dutchman sauntered up to the bar and said to Charles, "Can't you treat a friend." Charles replied, "You are no friend of mine; and if you were, I would not treat you, as you are already drunk." This made the drunken Dutchman mad; and as he started to leave the bar, he gave Charles' hound a vicious kick. This started a quarrel between them. Charles told him if he kicked his dog again, he (Charles) would give him a sound thrashing. The Dutchman told him in his drunken way, he could not do so. Charles, who when mad would use profane language, on this occasion, said he could lick any damn Dutchman ever in Lancaster. Charles had no sooner said it than the Dutchman turned on his heel, left the room, and went to a butcher shop which

was owned and run by another Dutchman named "Rosabaw" who at that time was the "Bully" of Lancaster and had never been whipped. He was a large, powerful man, weighing over two-hundred pounds. Charles did not know him, as he had not become acquainted with the people of Lancaster at that time. But he soon met him with no introduction from the drunken one who had gone and was bringing him to the tavern for a fight.

Charles in the meantime, had ordered another glass of liquor and started down the street towards his home. He had not gone very far from the tavern, when he met the drunken Dutchman, accompanied by the bully, Rosabaw, who had his sleeves rolled up and his coat thrown over his arm, going toward the tavern. No sooner had they met each other than Rosabaw said to him, "Are you the man who swore you could lick any Dutchman in Lancaster?" Charles, taken by surprise at so short a notice, hesitated for a moment to tell why he said it; and said, "Yes." But this was as far as he got in his explanation why he had said it; for before he could say, "I beg pardon," Rosabaw dropped the coat from his arm and struck Charles a powerful blow between the eyes, which broke Charles' nose and blinded him for several minutes. Rosabaw did not stop at this lick, but began striking in earnest. Charles who was yet blinded from the blow, began backing away from him, bleeding like a stuck hog; and kept backing away for some distance. Rosabaw followed and kept striking at him, but was not successful; as Charles guarded his face as best he could. He had backed away several rods from where the fight commenced when he backed into some hewn timber which had been prepared for a new building. This, he fell over; and Rosabaw over with him. No sooner had they clinched each other in the fall than bulldog fighting commenced in earnest. Describing it as told by the author, it is said Charles grabbed Rosabaw around his neck with his arms, held him tightly, and began spitting blood from his broken nose into Rosabaw's face and eyes. This was done in the course of the fight while flat on his back, neither of them getting hurt but little in the procedure.

It is said that on this very day, one of Charles' brothers and his wife, were on their way to Johnstown or vicinity with a wagon load of household goods and had stopped for an errand in Lancaster. This brother's name was Hezekiah who was called "Kye" for short. It is said he had a coarse heavy voice like unto the roar of a lion. His wife, while waiting for him to return to the wagon, heard of a big fight going on nearby and inquired who was involved. Someone told her it was a man by the name of Green, fighting Rosabaw. She ran and got her husband, and the two ran down to the fight; by which time most all the men of Lancaster had gathered at the spot. "Kye" gave out a yell for the men to stand back and he rushed into where the men were fighting. He began to curse his brother and told him to "get out of there." Just as soon as Charles found Kye was there, he took courage and kicked himself loose; got onto his feet; and hit Rosabaw one lick with his bare fist, which knocked him cold. The crowd carried Rosabaw away and worked a long time with him before he came to himself. It is said that ever afterward Rosabaw was stone deaf from the lick; both ear drums being punctured; and that ever afterward, he would never fight.

So ends the story which I have heard my father tell on many and many occasions of his early recollections of the early pioneer family of Greens who originally came from Virginia to Lancaster,, and then on to Johnstown, Ohio. Here, many of them - descendants of Rignal Green, Sr. - are still living.

History of the Greens in Licking Co. Ohio

Green, Charles, George, Mahala

Few if any traces of Mound Builders exist within it's limits (Monroe Township), but the Wyandott Indians once lived here in considerable numbers. They built a town called "Raccoon Town" a mile or more above Johnstown on Raccoon Creek where they resided until 1807 when Charles and George Green purchased their possessions and thereafter occupied and cultivated the lands. The Greens who bought out the Wyandotts were Virginians and accustomed to frontier life. Mahala Green, daughter of George and Diana Green born in the autumn of 1807 was the first white child born in the County. She subsequently married Basil Butt. Mrs. George Green, yet living in this township at the age of 92 is the mother of 17 children and rejoices in one hundred grandchildren, seventy great grand children. Green, Noah, farmer, post office, Johnstown was born May 11, 1811 in Monroe Township. He is the third child and first son of George and Diadema Green, who were the first settlers of the township. Mrs. Green, who is still living, gave birth to the first white child born in the township. The subject of the sketch is the oldest living male child now living in the township of Monroe, May 31, 1830, Mr. Green was married to Miss Olive Crawford, by whom he has had two children, Lavina (born, married, and living in Coles County, Illinois. She was born April 12, 1831 and Margaret, born June 29, 1833 and died January 23, 1879. Mr. Green has seen the country grow from it's infancy, and is yet a well preserved and vigorous man, able to take a hand in the harvest field which he did during the harvest of 1880. The mother of the subject of this sketch was Diademina Green, whose family were the third who moved into Monroe Township. Washington Evans was first, Charles Green second and the third was George Green, husband of Diadema Green whose maiden name was Willison, was born on the eleventh day of January, 1788. She was married when about the age of sixteen years. Her husband came to Monroe Township about 1807 and purchased eighty acres of land, paying at the rate of one dollar and twenty-five cents per acre, located in Raccoon town, and on which the Indians had cleared from three to five acres. Great quantities of relics have been found in this vicinity. Grandmother Green states that she remained alone three weeks in the midst of about three hundred Indians whilst her husband was cutting and threshing his crop of wheat near Lancaster, Fairfield County. She says there were three Indians, of whom were called Indian Joe and Indian George, the other she does not recollect his name, came to kill her husband and his brother Charles; her husband taking down his rifle on their approach, went out to meet them but instead of their showing any hostile disposition they were inclined to be remarkably friendly, using the following language: "Indian no kill white man, Indian white man's friend." She speaks highly of this tribe of Indians, the Wyandotts, and delights in telling incidents that occurred in an early day. She is the mother of seventeen children, fourteen of whom lived to become mothers and fathers. She is making her home with her youngest daughter. She still owns about thirty acres of land, so she is not dependent upon any one for a subsistence. History of Licking County Monroe Township, Page 678

Green, Corwin, C., farmer and stock dealer, Johnstown, was born June 18, 1841, in Monroe Township, where he has always resided. He is the son of Rezin and Parmelia Green and grandson of Diadema Green, who was the third family who settled in Monroe Township. He married Ann M. Beaver, September 27, 1866. She was born September 11, 1847, in Monroe Township, Seneca County, Ohio. They have three children, Grant C., born June 23, 1868; Clyde B., born May 13, 1871; Earl R., born August 3, 1876. All bright promising boys. They own one hundred thirty-three acres of land under a high state of cultivation. They possess genial natures and are respected by their relatives and acquaintances. Mrs. Diademma Green (From the files of Carl Green)

Obituary of Mrs. Diademma Green:

Mrs. Green, the venerable widow of the late George Green, died at her residence in Monroe, August 24, 1881, at the great age of 92 years, 7 months and 13 days. She was a native of Berkeley County, Va. (now West Virginia) born January 11, 1789, married to George Green in December, 1805, emigrated to Ohio in 1806 and settled in what was then Licking Township, Fairfield County, but now Monroe Township, Licking County, where she continued to reside until her death, a period of 75 years.

Mr. Green bought the Indian Village called Raccoontown, situated above Johnstown, and it's site became a part of his farm. George Washington Evans (who settled there early in 1806) was the only white man living in what is now Monroe Township, when Mr. And Mrs. Green settled there. Their oldest daughter, (Mrs. Mahalla Butt) was the first white child born there, and is still living in Monroe Township, at the age of 74 years, having been born in 1807. Mr. George Green died in 1863. Mrs. Green was the mother of 17 children, 14 of whom became fathers and mothers, and 9 survive their aged mother. Her posterity number 66 grandchildren, 125 great-grandchildren and 26 great-great-grandchildren. She had been in communion with the Methodist Episcopal Church more than sixty years, and was held in high esteem for the many virtues and christian graces that adorned her character. The funeral services were conducted by Rev. R. Watson

16. REBECCA³ GREEN (*REGNAL*², *WILLIAM*¹) was born 1784 in Berkeley Co., Virginia. She married PETER WILLIAMSON, SR. 29 Jun 1801 in Fairfield Co., Ohio. He was born Abt. 1764.

Notes for PETER WILLIAMSON, SR.:
Biography of Peter Williamson

Several articles have been written about Peter Williamson, his ancestors and his descendants in the past. However, based on records that have been found regarding his service in St. Clair's War and in Fairfield Co. and Licking Co.,

OH some of the statements in earlier articles seem to be questionable. In the 1850 Monroe Township, Licking Co., OH census Peter was listed as 86 years old and born in VA. This gives him a birth date of about 1764. However, it is not known where he was born in VA if that is, indeed, his birth state. Both Peter Williamson, Sr. and Jr. paid taxes in Berkeley, Co., VA in 1782. Only one Peter Williamson was in the 1787 tax list. There was a Peter Williamson family from New Jersey in Berkeley Co. at that time. Our Peter Williamson was too young to have been in the 1782 tax list so it is difficult to know just who the Peter Williamson might have been in the 1787 tax list. One of our Peter 's applications for bounty land was made 19 Apr 1851 before Justice of the Peace James Johnson in Licking Co., OH. Peter was listed as 86 years old giving him a birth date of 1764 or 1765. He testified that he was an Orderly Sergeant in the company commanded by Captain William Lewis in the regiment of United States Troops commanded by Colonel Dark in the war of the United States against the Indians in the year 1791 under General St. Clair. He said he enlisted in Hagerstown, MD on or about the 16th of May 1791 for a term of six months and remained in active service until on or about the 4th day of Nov 1791 and

was present at the engagement with the Indians. He was wounded in the right leg so severely that he was confined at the hospital at Fort Washington for thirty days and at the end of the time, still being unable to travel, he remained that winter in Kentucky until, in March 1792 (when he was able to travel), he started for his home where he arrived in April 1792. Unfortunately he didn't say where "home" was. Fort Washington was present Cincinnati., OH.

Peter received 80 acres of land in IN as a result of this application. Warrant 33.418. This land is in Newton Co., IN and was assigned to Joseph Evans in May 1853. (Joseph was a son of Jonah Evans who had once lived in Monroe Twp., Licking Co., OH but had moved his family to Noble Co., IN by the time this land was sold.

Peter appeared before the mayor of Johnstown, Monroe Twp., Licking Co., OH 11 Jan 1858 to apply for more bounty land. His age is listed as 94 years, again this gives him a birth date in 1764. He gave the same information that he gave in the earlier application regarding those who were his officers in St Clair's War. He gave the same day of enlistment but it appears that he said he enlisted in Harisburg, Maryland rather than Hagerstown. He said he was discharged at Fort Washington in Nov or Dec 1791. He had an honorable discharge which had been lost. He was making this declaration for the purpose of obtaining the Bounty land to which he might be entitled under the Act, granting Bounty land to certain officers and soldiers who were engaged in the Military Service of the United States passed Sept 28, 1850. He declared that he received a warrant for 80 acres of land which he disposed of and could not now control and had not received any other or made application.>p> Apparently no bounty land was issued as a result of this application. Perhaps he was not entitled to more or perhaps Peter died before it could be acted on. See page 441 of "The GREEN Tree" by Robert M. Green.

Jonathan Williamson, a grandson of Peter, indicated that Peter and John Williamson had served in the War of 1776. Nothing has been found to date to prove this statement. Jonathan stated that Peter's father John was born about 1735 but he does not say where John was born. He indicated that John was a brother of Hugh Williamson who was in command at the massacre at Gnadenhutten in 1782. However, it was David Williamson who was in command there and his father's name was John Williamson, son of Samuel Williamson. This family was in PA. No relationship has been found between this family and that of our Peter Williamson or his father.

Jonathan Williamson said that Peter's father John married Peggy Aunen, dau. of Gen. Joseph Aunen of Ireland. He mentioned that they had 3 sons, Charles, John and our Peter. Nothing has been found to prove this. However, Peter named one of his sons Joseph Annin Williamson which would SEEM to point to some relationship to a Joseph Annin/Aunen.

On 29 Jul 1801 Peter Williamson married Rebecca Green, dau. of Regnal Green, in Fairfield Co., OH. A Peter Williamson was a Justice of the Peace in Fairfield Co. in 1810 and 1811 for he performed some marriages during that time. A Peter Williamson, b. 1768 from Berkeley Co., VA was living in Fairfield Co. from about 1806 to Jan 1812 (when he died) so it is assumed he was called Peter Jr. and our Peter Williamson b 1764 , was called Peter Sr. When Peter Jr. died in 1812 Peter Williamson, Sr. witnessed his Will along with Ann Cross in Fairfield Co., OH. It is ASSUMED that the Peter Sr. was our Peter Williamson. Jonathan Williamson's article said that Peter brought his family from VA to Johnstown, Licking Co., OH in 1812. However, it appears that Peter was in Fairfield Co., OH in 1812 not in VA. In an article about Joseph A. Williamson that appeared in the Newark Advocate newspaper (Newark, Licking Co., OH) in 1883, it said that Peter move his family to Monroe Twp., Licking Co., OH 1818 when Joseph was 14 years old. This may be true for Peter Williamson paid taxes on several parcels of land in Fairfield Co., until 1819. We may never know the actual date they arrived in Licking Co. but we do know they were living there by the 1820 census. A John Williamson family was living next to them at that time and it is possible that this was John and Deborah Green Williamson and their family. It is not known who this John Williamson was. If he was Peter's son, Peter apparently had an earlier wife we are unaware of or It may be that John Williamson was a son of Peter's supposed brother Charles. John moved on to Franklin Co. by the next census.

In 1820 Peter and Rebecca's family consisted of 2 males under 10 (namely James 1804), and one who was listed as 16-18 and also in the 16-26 category. The latter one would have been George b Dec 1802. There were also three females in the family other than Rebecca Green Williamson. They were all

in the 10-16 category. We know daughter Sidney was born in 1808 so she would have been one of those females. However we do not know who the others might have been. Jonathan Williamson said there was a daughter Sallie who was the wife of William Green and the mother of William Warren Green b 1818. If this is correct she would have been gone from the home by 1820 census. Peter and Rebecca are said to have had a daughter Rebecca also but if she is the female named Rebecca age 28 living with Peter in the 1850 census she was born about 1822 (after the 1820 census).

A history of the Williamson family written by Judd Williamson., another descendant of Peter's, says Peter and Rebecca had 4 daughters but he doesn't name a Sallie. He says they were Siddie (Sidney), Cynthia, Becky, and Mary. Judd made many errors in other families in his history so one cannot assume that these names are correct but they are possibilities. However, nothing is known about a Cynthia or a Mary Williamson. Because the Licking County Courthouse was destroyed by fire in April 1875 many marriage records that would prove useful in researching the Williamson family were burned. From deeds we learn that Peter Williamson of Monroe Twp., Licking Co. bought land in that township 30 Aug 1827 from the heirs of Oliver Bigelow for \$155. His purchase contained 89 acres more or less and was on the border of Monroe and Jersey Townships south of Johnstown. It is described as being in Range fifteen, Township three, Section four in Licking Co., in United States Military Lands. It being lot number seven in the second range of lots in said section. Witness to the sale were Jacob Green and Morgan (Vol. R pg. 3) In February 1838 Peter sold part of that land (20 and a half acres) to his son James for \$100. Both Peter and Rebecca signed the deed and it was witnessed by Rebecca Williamson (Presumably their daughter. This would indicate that she was old enough to be a witness and hence would have been born before 1822.) and B. S. Cross. (Vol. GG pg. 146). In Nov 1843 Peter and Rebecca sold more of their land (14 acres) to their son James for \$50. Rebecca signed her name Becca Williamson in this deed. It was witnessed by B.S. Cross and Rees McClelland. (Vol. PP pg. 105-196) In Feb 1849 only Peter signed the deed when he sold six acres to son James Williamson for \$150. (Vol. 54 pg. 534) This indicates that Rebecca must have died between Nov 1843 and Feb 1849.

On Jun 6 1850 Peter sold 10 acres to Annon Williamson for \$20 (Vol. 57 pg. 440) and on 25 Jun he sold sixteen and a half acres to James Williamson for \$245 which the deed indicates was the residue of Peter's 89 acres except for 10 acres which had been sold to Anon Williamson, 6 acres to B.S. Cross, and fifty six and a half acres to James Williamson (Vol. 57 pg. 211) There was no deed for the six acres to B.S. Cross prior to that time but in March 1856 Peter sold 6 acres to Lucinda Cross, B. S. Cross' widow, for \$75. (Vol. 71 pg. 538 Peter and Rebecca are said to be buried on their property along with 21 other members of their family in unmarked graves. Of interest is the deed for Rebecca Williamson from James Q. Hughes in Mar 1851. This is presumably Peter Williamson's daughter. She paid \$ 175 for twenty five acres of land in Jersey Twp. This land would have been south of the land owned by James Williamson at that time. James Williamson was a witness to that deed along with James Johnston. A Rebecca Williamson b 1833, d. 1853 is buried in Jersey Twp., Licking Co. If this is Peter's daughter Rebecca the birth date has either not been copied correctly or is in error on the tombstone.

Known children of Peter and Rebecca Green Williamson were:

17. REGNAL³ GREEN, JR. (*REGNAL², WILLIAM¹*) was born 1787 in Berkeley Co., Virginia, and died 25 Mar 1862 in Monroe Twp., Licking Co., Ohio. He married SARAH WILLISON 01 Mar 1808 in Fairfield Co., Ohio, daughter of ELISHA WILLISON and ESTHER HYATT. Notes for REGNAL GREEN, JR.:

Signed and Sealed and Delivered in the presence of us. Witness: Adam Weaver, Chord Green. Rignal Green SEAL Sarah Green SEAL. Hezekiah Green SEAL. Ester Green SEAL.

From his gravemarker we can place Regnal's birth year as 1787, however, a Regnal Green Jr. is in the Berkeley Co. Virginia tax records in 1789 and 1791. This would place his birth around 1768. Is it possible that the Regnal Green in Licking County is a son of one of Regnal's boys. Or could the 1768

Regnal be a son of William Green Jr. Perhaps he died just prior to his father. This requires more research.

19. JACOB³ GREEN (*REGNAL*², *WILLIAM*¹) was born 08 Feb 1793 in Maryland, and died 13 Feb 1879 in Cumberland Co., Illinois. He married MARY SHEPLAR 16 Dec 1819 in Fairfield Co., Ohio. She was born 12 Jan 1796, and died 12 Nov 1859 in Cumberland Co., Illinois.

Notes for JACOB GREEN:

7 Dec 1818, George Green, while paying his own property taxes for Licking Co., Ohio also paid three dollars tax on a stud horse for Jacob Green.

24 Sep 1817, Jacob Green witnessed an Indenture when Elisha Willison sold land to George Green.

Some researchers don't believe that Jacob is a son of Regnal Green because he was born in Maryland. It is quite likely that some of Regnal's children were born in Maryland - the Green property was only across the Potomac from Washington Co. MD and there was a ferry operating within 2 miles of the Green plantation. Many members of the Butt family remained in Maryland and Sarah Butt Green may have been staying with other relatives when giving birth to Jacob. I don't think we can dismiss him yet. Given Jacob's birthdate, he could also have been Regnal's grandson through sons Thomas or Charles, however, when Jacob married in 1819 in Fairfield County, Thomas was already in Ashland county and Charles was in Licking County.

Served in War of 1812 under Capt. Hurshour who was under Major Dorson. Served from 16 Feb to 16 Apr in 1813 or 1814 according to an affidavit of Jacob's dated 18 Apr 1871 - was at Upper Sandusky guarding government stores and discharged in July 1813 or 1814. Pension certificate #18897. Also stated he was a widower and his wife Mary died 11 Nov 1859.

Obituary of Margaret Bryne Green
Reprinted from the Everest Reflector August 13, 1885 Vol. III no.11

Miss Margaret Byrne was born in County Donegal, Ireland January 1, 1825, came to this country with her people when a young girl and married Mr. Ephriam Green at Pittsburg, Pa. in April 1848. They came to Kansas twenty-seven years ago where they have lived every since, raising seven children, now all grown and they have lost two boys. Mrs. Green was taken sick some time ago with what was pronounced as typho malarial and was treated by several physicans, but without success and on Saturday 8, August at about nine o'clock surrounded by her family and friends her spirit took it's flight, her age being just sixty years, seven months and seven days. The funeral and burial took place at All Saints Church Sunday afternoon. Father Ferdinand Wolf officiating. Over fifty carriages formed in the procession from the residence to the church and not half could find entrance at the church. Mrs. Green was a devout member of the Catholic faith, a loving mother and good friend and neighbor and a great sorrow is felt among a large circle of acquaintences, but she has gone to meet a reward of a good and faithful servent.

DIVORCE OF RIGNAL GREEN OF FAIRFIELD COUNTY OHIO

From the General Assembly Microfilm # M250, year 1834 at the Ohio Historical Society:

Mr. Anthony, from the committee on the Judiciary, to which had been referred the petition of Rignal Green for a divorce from his wife Sarah, together with the remonstrance of the said Sarah, and the accompanying depositions, have had the subject under consideration and report. That the petitioner places his application, to this legislature, upon the ground.

1st, of the willful absence of the wife, to whom he alleges he was married July 15, 1829, and who left him in September following and has remained away ever since, although he always conducted himself towards her as an affectionate and dutiful husband.

2nd on account of the adultery of the wife, in various instances, and with different persons, and especially on the 1st of January, 1830, and at other times, with one Abraham Williamson.

3rd, because, at the November term of the Supreme Court, in 1833, a petition for a divorce, which the petitioner had filed in Fairfield County, was dismissed by the Court, and, as he alleges, for the want of the evidence of a witness, who was sent to jail by the court, for using improper language to the Court. Whether the wife brought any property to the husband, or whether they acquired any thing whilst together does not appear by the petition, nor does it appear from any of the documents submitted to

the committee, that any notice of the present application was given to the said Sarah until the 25th December, 1834, the very day on which the first depositions were taken, and of the taking of which she was notified in the same written notice.

The remonstrance of the said Sarah Green and one Allen Green, sworn to by both, states that they have been informed that since the said Rignal filed his petition for a divorce, he was married in Wayne county, in this state, and that his petition for a divorce is still pending in Court; and that, within the last three years, the said Sarah and Rignal have lived together, and that when said Sarah left her husband; she was driven away by her said husband, who at that time, was living in adulterous intercourse with one Maria Green, the person whom he has since married; and that said Rignal has filed other petitions for divorce, in Fairfield county, charging said Sarah with adultery, which were dismissed as wholly unfounded; and that each of the facts stated in the remonstrance, and sworn to by them, can be proved by a great number of witnesses.

To establish the charges of absence and adultery, on the part of the wife, there are depositions of John Williamson and Matilda Williamson, taken on the 25th of December, 1834, under a notice dated on the 25th of the same date, and also the depositions of John Green jun. and John Green, taken on the 29th December, 1834, under a notice dated the 25th of the same month.

John Williamson swears that between one and two years ago, he saw the said Sarah in bed with another man than her husband, that said Sarah has had a child since the separation which she has suckled and called her own; and that he never knew her husband to abuse her while they lived together.

Matilda Williamson swears that she saw the said Sarah make three attempts to go to bed with a young man, and he as often kicked her out; and, at another time, at Mr. John Roses's, she went to bed to the same man and lay with him alone all night, and once afterwards she went to bed with a married man, and he kicked or pushed her out of the bed, and that she never knew her husband to misuse her while they lived together, nor since they parted.

Upon these depositions, it may be remarked, that they were taken on the same day that notice was served, as appears by the affidavit of one Charles Williamson, and it does not appear that said Sarah was present at the taking of them, nor does it appear what connexion the Williamsons have with the affair, or the parties to it; and the depositions themselves, although they seem to show a willingness, on the part of the witnesses, to swear freely, are remarkably deficient in the statement of time, place and circumstance; entirely too much so in the opinion of the committee, to fix so serious a charge as is attempted to be fixed on the female, in the case before us.

John Green, jun. Swears that he has known the parties long - the petitioner is his brother and the defendant his cousin. Witness resided within half a mile of them, in September, 1829; Sarah left the house, bed and board of her husband, and has remained absent ever since, excepting that about two years ago the said Sarah came on a visit to the house of Rignal's mother, where said Rignal resided, where she remained about two months. Witness does not know what intercourse they had whilst they resided under the same roof, but after a stay of about two months, she left and went to her father's in Licking county. He knows of no cause for said Sarah to leave her husband, is of opinion that he used her well, and that he is a sober and industrious man generally, and disposed to treat those about him with kindness and propriety.

On his cross examination he states, that at the time of the visit of said Sarah to her aunt's the residence of said Rignal, about two years ago, there was a report in the neighbourhood that said Rignal was living in adulterous intercourse with other women, especially Maria Green; but of this the witness knows nothing of his own knowledge. There was also a report in the neighbourhood that said Sarah had had illicit intercourse with one Williamson.

John Green swears that the former part of the statement of John Green jun., is according to his knowledge also; and in addition, he states that upon the occasion when Sarah went to stay at her aunt's, where Rignal resided, she first came to the house of this witness, and remained two weeks, and said that if Rignal would not come to see her she would go to him. Rignal did not come to see her while she stayed at the house of witness; that soon after Sarah left the petitioner, she was reported to have had illicit intercourse with one Williamson, and that in June last, in Licking county, where said Sarah

lived; it was reported that she was in the practice of doing so with others, and that after the separation it was reported, at different periods, that the petitioner was in the habit of going after other women.

The depositions taken by the defendant Sarah, were taken on the sixth day of January, 1835, pursuant to a notice, the service of which is acknowledged by the petitioner on the third.

Ruhama Green swears that she is the mother of the petitioner, that something less than two years ago, the said Sarah came to her house, and staid five or six weeks; that during that time she and her husband did not bed together; but she believes that about that time their second child was begotten; that she never saw said Sarah misbehave herself toward her husband; but, on the contrary, she conducted herself in a becoming manner, so far as she was acquainted with her and she thinks she was in a situation to have seen any misconduct while she lived at her house, if there had been any; that she has heard that the petitioner was married about a month ago, to Maria Green.

John Green swears that he was in Wayne county about a month ago, and was informed that the petitioner was married to Maria Green, that he saw a paper which he was told was the license and was informed by the petitioner that he intended to marry Maria, and he afterwards told him that he had done so, and afterwards said he had not.

It appears from what has been stated that the notice required by law was not given before this petition was presented. 2nd, That the original cause of separation is not shown. 3rd, That it is doubtful which of the parties has behaved the worse since the separation. 4th, if the wife is guilty as charges by the husband, there is ample provision by law for redress in the Supreme Court. The committee therefore, ask to be discharged from further consideration of the subject.

29. WILLIAM⁴ GREEN (*WILLIAM³, REGNAL², WILLIAM¹*) was born 25 May 1827 in Mohicanville, Ashland Co., Ohio, and died 18 Aug 1873 in Sumner, Crawford Co., Illinois. He married ESTHER POUNDS Abt. 1849. She was born 12 Apr 1830, and died 22 Mar 1878.

Notes for WILLIAM GREEN:

Julia Green Fowler Bio:

William Green was born in Ohio, May 25, 1827 and died August 18, 1873, aged 46 yrs. He was married to Esther Pounds of Ostrander, Ohio. They lived for a number of years on a farm not far from Ostrander. Eight of their children were born there. They attended the Baptist Church in Ostrander of which they were members. In 1863 they left the old house in Union County, Ohio and moved to Illinois. As the family was composed of several boys, our father felt the necessity of a larger farm, more land for these big boys to spend their energy on. And in February 1863 the family moved to their new home on a good farm of 240 acres located in Southwest Township, Crawford County, Illinois.

The house on the new farm in Crawford County, Illinois was a fairly good sized log house of one room, a fireplace and an attic large enough for beds until we could build. We built a new large one room log house as soon as possible with chimney and a large porch on the east side of the house. All of our neighbors had fireplaces. Fire was kept all the time in these fireplaces, and when our fire went out we would go to a neighbor's and borrow fire and the neighbors would come to our house for fire if their fire should go out. A family in our neighborhood had a heating stove for a number of years after we moved to Illinois. All the neighbors helped each other on threshing and butchering days, and quilting and wool pickings with an occasional apple cutting made up the social activities of the community.

My father owned the first self binder harvesting machine in the neighborhood. The day they tried it out all the neighbors came to the field to see it work.

There was a very good orchard on our new farm and in the spring of the year when the trees were in bloom it was a bower of beauty. A friend coming home with my father one day for dinner made this remark, "Mr. Green, you have a beautiful home here."

The house stood on a sand hill, not a large hill, but just enough elevation so that it was always dry. The orchard that surrounded the house had quite a variety of apple and peach trees. Well do I remember the old sweet apple tree which stood just north of the house and the russett tree and the sheeprnose trees which were a little north and east of the house. These were favorites of all the children. Then a great many other ones, the names of which I do not now recall. There was one tree that stood a short distance from the house. It was about 15 ft. up to any limb but we all, boys and girls alike, spent considerable of our time up in that tree, especially when the berries were ripe. We had lots of apples to put away for winter, but somehow they all evaporated by the time spring had come.

We had one persimmon tree, It stood a little way out of the orchard, which was a very familiar place and visited daily by all of the children in the fall of the year when the fruit was ripe.

My father built a large, double log barn with sheds in between large enough to put away lots of hay and corn and machinery and horses

All these old landmarks that we loved so much and which meant so much to us in our childhood days bring us both happy and sad memories long gone by, but not forgotten.

There were no hard roads in this part of the State at that time, so it was a long, hard pull through the mud to the nearest trading and shipping point, which was a distance of ten miles from the new home. They all went to work with a will. The farm proved to be very productive and yielded large crops of corn and wheat. One year my father sold 1300 bushels of wheat to one buyer in Simmer and received a nice overcoat as a gift for having sold the most wheat of any man that year, besides what he reserved for seed and family use. Mr. Green was a hard worker and a good manager and as a result of course he prospered financially.

My father was a man who was a little reserved but he always met his friends with a smile and a kindly greeting. He was a very generous hearted man. If there was a poor family in the neighborhood they new where to go for help. And although he had a large family of his own to support, still he always had something to give to help the poor, and many a bushel of corn and wheat has gone from his cribs to feed the poor and needy. He would say, go to the crib and fill up your sack, and he would go on about his work. Did he lose anything in this? I think not. This was one way he had of laying up treasures in Heaven. The good book says, Give and it shall be given unto you, and he that giveth to the poor tendeth to the Lord.

My father and mother were strictly religious people. They attached themselves to the Baptist Church which had a small organization in the neighborhood of their new home and identified themselves with the best society in the community. Thus helping to make an influence for better for their own children as well as others.

My father was a deeply spiritual Christian. He believed in the old time religion and practiced it. He loved the old songs and many a time I have heard him in the dusk of the evening sitting in his split-bottom chair on the large front porch communing with his God singing the old songs he loved so well. Such a charge to keep I have and How firm a foundation ye saints of the Lord is laid for your faith in his excellent word. A man with the spirit of these songs in his heart communing with his God can never die. He is not dead, he is only gone on before.

But these good times soon came to an end for father only lived a few months past ten years until he took his departure from this new home and his family and went to inhabit that house not made with hands eternal in the Heavens.

My mother, Esther Pounds Green, was born in Ohio April 12, 1830, and died March 22, 1878, aged 47 years. She was a lovely Christian, a very spiritual woman. I have seen her give praises to God in the public congregation when the spirit of God filled her heart to overflowing. She took great pains in teaching her children the Bible and trying to bring them up to love God and keep his Commandments. A short time before her death she went back home to Ohio to visit her old Mother and brothers and sisters. She died with a living faith in her Redeemer and went home to meet her God at the age of 47 years.

Samuel, the first born in this home, died in infancy. He is buried in Ostrander, Ohio.

Elizabeth Jane, the oldest daughter of William and Esther Pounds Green, was born April 18, 1851 in Union County near Ostrander, Ohio and died in Lawrence county, Illinois on July 5, 1933, aged 82 years. The first twelve years of her life were spent in Ohio at the place of her birth. In March 1863 her parents and family moved to Illinois and settled on a farm in Crawford County.

In the year 1867 she was united in marriage to Thomas Allen and to them were born six children. She with her husband, became charter members of the Christian Church at the Bethany Class in the community in which they lived.

Richard Elias Green was born in Union County, Ohio October 6, 1852 and died in Crawford County, Illinois October 28, 1880 aged 28 years. This was a great blow to this family as this brother had been a father to the rest of the children since the death of our father.

He was not married. Father and mother both gone, the younger children learned to lean on this brother for help and advice, and it seemed a great calamity when he was taken. He was a very fine young man, honest and industrious and dependable. He had accumulated considerable property when he died. He has been gone now a long time but he has not been forgotten by any of his brothers and sisters for we all loved him. He was not a member of any Church, but he surely was a Christian at heart. He believed in God and was always ready to do his part in everything that was for the betterment of those around him. His body rests in the home cemetery in Crawford County, Illinois.

Calvin Green, son of William and Esther Green, was born in Union County, Ohio September 22, 1853. He died in Crawford County, Illinois, August 31, 1873, aged 19 years.

John R. Green, son of William and Esther Green, was born September 6, 1854 in Union County, Ohio and died in Crawford County, Illinois, August 23, 1873, aged 18 years.

Thus, two more bright young men were taken from this home within a few days of each other. Both just entering manhood. John R. was preparing for college. Dear brothers of long ago you are not forgotten.

Fletcher M. Green, son of William and Esther Green, was born in Union County, Ohio November 25, 1855. He married for his wife Florence Wagoner of Lawrence, Illinois. To this union was born seven children. Fletcher is now in very poor health and will not be here very long.

Margaret Green, daughter of William and Esther Green, was born in Union County, Ohio on October 3, 1857. She was married to Henry Albert and after a time removed to Missouri for her health, but she gradually grew worse and in a few years she died and was buried in that State. A good Christian woman devoted to her husband and her church. She left no children.

Julia E. Green, daughter of William and Esther Green, was born in Union County, Ohio on December 13, 1859. She was married May 3, 1887 to Rev. J. C. Fowler a minister in the United Brethren Church in the Illinois Conference. She came with her family when but a child from Union County, Ohio to Crawford County, Illinois in which she has spent the rest of her life thus far. In her younger days she was a teacher in the public schools of Crawford County, Illinois.

Judson Green, son of William and Esther Green, was born in Union County, Ohio on November 8, 1861 and died in Crawford County, Illinois September 23, 1880, aged 18 years. A good boy member of the M.E. Church. Dear Brother, you are not forgotten.

Ida Alice Green was born in Crawford County, Illinois on November 3, 1863. The daughter of William and Esther Green, she spent her early life at home with her parents. Was a teacher in the public schools of Crawford County. Married Jacob Paddick. She was not blessed with any children of her own but reared three step sons who are as near to her as her own would be. Good Christian, useful worker in the Methodist Church to which she belongs.

Albert Green, infant son of William and Esther Green, was born in Crawford County, Illinois, May 29, 1866 and died at the age of six months.

William P. Green, son of William and Esther Green, was born in Crawford County, Illinois June 23,

1867. He was married to Kathryn Tade. To this union was born four children. The first born in this home was Dr. Carl Green, Ph.D., editor of this history and family historian of the Illinois branch of the family. Carl's mother died when he was eight years old. William married for his second wife, Sarah Baker of Lancaster, Indiana. To this union were born three children. William P. Green is a man of honor and reliability and pillar in the Christian Church to which he and his family belong.

Anna R. Green daughter of William and Esther Green, was born in Crawford County May 31, 1890. She married John Lewis, to them were born three children. She spent her early life in and around the old home until after her marriage. They went to California where they have always lived and reared their children. Anna was a sweet young girl and now she is a loving mother and worker in the Church.

Bunyan Green the baby of this very large family and son of William and Esther Green, was born in Crawford County, Illinois, October 1, 1872. He married Nora Phillips and to them was born five children. Their first born is William H. Green, the president of the Illinois Green reunion. Bunyan Green is a member of the Methodist Church and he and his good wife have raised an honorable family.

(This account was written by Julia Green Fowler, wife of Reverend J. C. Fowler. Unfortunately it was not dated.)

Notes for WILLIAM P GREEN:
Biography of William P. Green

The Greens settled in South West Township on April 9, 1863 after selling their farm on the Union-Delaware County Line near Ostrander, Ohio on March 16, 1863. Original ancestors of the family lived in Berkeley County, Virginia more than two hundred years ago. The original ancestor, from whom the subject of our sketch is a direct descendent, was named William Green, and lived on a three-hundred acre farm on the Potomac River. This farm was obtained by deed from Thomas Lord Fairfax on January 13, 1751. (Berkeley County is now in West Virginia.) William Green executed a will on November 12, 1776 naming his son Rignal Green, executor. This will was ordered admitted to probate in Berkeley County on March 21, 1780.

Between the years 1798 and 1804, Rignal and most of his nine sons (John, Allen, Hezekiah, Rolla, Charles, George, Thomas, William, and Rignal Jr.) migrated to Ohio where they settled in Fairfield and Licking Counties. In Fairfield, they settled west of Lancaster; and in Licking, near the village of Johnstown. In both counties, they settled on "government land" which had not been entirely vacated by the indians. Near Johnstown, George Green entered a quarter-section which was still occupied by the Raccoon Indian village; and he paid the indians to move off.

The eighth son (William) above mentioned, married Martha Bilderback and entered a quarter-section south-west of Lancaster some ten miles on the 18th of December, 1806. He sold this on January 2, 1816 and moved to the vicinity of Mohicanville, Ashland County in northern Ohio where he owned and operated a water mill for more than twenty years. Then, in the early 1840's he purchased a section of land on the Union-Delaware County Line about four miles north-west of Ostrander, Ohio. His son (William Jr., born May 25, 1827 died August 18, 1873) our subject's father, inherited and lived on a portion (150 acres) of this farm and took care of his parents in their old age until their death. They are buried on their farm.

William Jr. and his wife (Esther Pounds Green) sold their farm as stated above on March 16, 1863, chartered a car and came to Sumner, Illinois. They purchased eighty acres in the south-west quarter of section 17 (a part of the Noah Keplinger estate) in South West township; and 160 acres on the west side of the road, being the south-east quarter of section 18. They were the parents of fourteen children (Samuel, Elizabeth Jane, Richard Elias, Calvin, John Rolla, Fletcher Monroe, Margaret A, Julia Eliza, Judson A, Ida Alice, Albert C, William Pendleton, Annie Ruhama, Bunyan Greely) most of whom were born in Ohio.

Our subject (William P. Green) was born in South West Township on June 23, 1867. He was six years old when his father died and eleven when his mother passed away. Hence, his rearing was largely in the hands of older members of the family. He inherited forty acres, in section 18, of his father's estate. On June 20, 1888, he was united in marriage with Catherine (Katy) Tade of nearby Richland County. They were the parents of six children, two of whom (Carl and Julia) still survive. Katy passed away on December 16, 1898.

William P. Green married Sarah McCreery Baker on December 22, 1899. To this union were born three children (Bonnie, Ausby, and Belvia). Sarah McCreery Baker was a native of Owen County, Indiana.

Mr. Green was a farmer all his life, and owned a farm of one-hundred acres free of all incumbrances, at the time of his death. Most of his farm was located in sections 17 and 18, the Embarrass river flowing through it in two places. He served his township as assessor, one term; and then, was elected to represent his township on the county Board of Supervisors. He served on the Board of Supervisors (1896-1902) three consecutive terms; and during one term, was Chairman of the Board. He and Catherine Tate Green were charter members of the Landes Christian Church congregation, organized in the spring of 1894; he was an elder and trustee of the church during the remainder of his life; and his funeral was preached in the church by Rev. R.C.

Mowery on June 1, 1951.

30. BENJAMIN⁴ GREEN (*REGNAL*³, *REGNAL*², *WILLIAM*¹) was born 26 Jul 1832 in Licking Co., Ohio, and died 18 Jun 1913 in Licking Co., Ohio. He married ELIZABETH CLOUSE 24 Apr 1856 in Licking Co., Ohio.

Notes for BENJAMIN GREEN:

From The Memorial Record of Licking County Ohio:

Benjamin Green. The agricultural community is the foundation for true prosperity in the state, and in the homes of the farmers we may read the future of the country. The family represented by Mr. Green constitutes one of those industrious and enterprising households whose intelligence and integrity, common sense and practical knowledge influence all about them and conduce to the prosperity of the section in which they live. Their excellent farm, upon which is situated a pleasant home and good farm buildings, is one of the best in Monroe Township.

Throughout his entire life, a period of more than sixty years, the subject of this sketch as been identified with the history of Monroe Township. Here he was born July 26, 1832, to Rigneld and Sarah (Willison) Green, natives of Virginia. He was one of five sons and four daughters, five of whom are living, namely: Ibbie, who first married John Clouse, and now the widow of John Evans; Nancy, wife of Abraham Mayfield, of Cromwell, Ind.; Sarah, whose first husband was Samuel Miller and who now lives in Leipsic, Ohio, the widow of Abram Brake; Levina, wife of James Tipey, of Monroe Township; and Benjamin, of this sketch.

The father of this family was a farmer by occupation, He came to Ohio and settled near Lancaster with his parents about 1790. Thence he moved to Licking County and established his home in Monroe Township about 1803, purchased one hundred acres near the county line, which in a few years he sold. He bought two hundred acres on Raccoon Creek. He gave his attention to its improvements until his death, March 25, 1862 at the age of about seventy-five years. His wife survived him ten years dying when about eighty. Both were members of the Methodist Episcopal Church and he was licensed to preach in that denomination.

The paternal grandfather* of our subject, Rigneld Green, was a native of Virginia and a farmer by occupation. He was several times married having two sons, by his first wife and six by his second, who was the grandmother* of our subject. He attained the great age of one hundred and ten years, and so remarkable was his activity and strength at an advanced age that on the day he was one hundred years old he road a horse on a gallop. The maternal grandfather of our subject was also a native of Virginia, probably a farmer by occupation and lived to a ripe old age.

Benjamin Green was born and reared in Monroe Township within two miles of his present home. His early education was received in the district schools, but his education has been gained principally in the school of practical knowledge. He remained with his father as long as he lived, then purchased his present home farm of eighty acres. This he owns and operates, also cultivating an eighty-acre tract that belongs to his wife, and is situated across the road from his land. Having lived in Monroe Township for so long a period, he has witnessed its wonderful development. When his father came to Licking County the Indians had not yet removed further west. Everything was in an unimproved state, Hardships were many and advantages few. Farmers had no implements save a single plow, a hoe, sickle and scythe. In spite of privations, however, those days were not unhappy one, and are recalled with pleasure by the few survivors of those early times.

On the 24th of April, 1856, Mr. Green was united in marriage with Miss Elizabeth, daughter of Jacob and Elizabeth (Degue) Clouse. Ten children were born of this union, four sons and six daughters, Granville W., Flora Adell, Marietta, Harry, Missouri, Horton, Helen, Hattie and Benjamin W., and one that died in infancy. Marietta, Horton and Benjamin are also deceased. Granville married Miss Ruhamy Fitzwater, and they have two children, Benjamin and Pearl. Flora A., wife of Charles Williamson, has three children, Orié, Claude and Wandie. Harry chose as his wife Miss Jennie Crawford. Missouri

married William Clouse, and they are the parents of two Children, Leah and Gladys. In religious connections, Mr and Mrs. Green are members of the United Brethren Church in which he is serving as a Trustee. Politically he is a Republican, and has filled the position of Township Trustee for two years. One of the progressive citizens of the community, he identifies himself with all that pertains to the upbuilding of the county's interests and welfare, and gives liberally to all worthy charities.

* This should read father, not grandfather.
